DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/12/04 has been entered.

Allowable Subject Matter

2. Claims 17-24 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 17, the prior art of record neither shows nor suggest a method for manufacturing a cathode comprising the steps of, in part, the gap, and the first and second portions are formed substantially simultaneously by applying a voltage between the electrodes, along with the other limitations of the claim.

Due to their dependency, claims 18-24 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
